## Rocktomic Labs Awards

ClickFunnels 2 Comma Club Award Winner - 2020

ClickFunnels 2CC-X Winner - 2022

Number 19 INC 5000 Fastest Growing Companies in US 2023 – Regionals Southeast Region

Read our  
2023 INC 5000 article [HERE](#).

## Catalog Terms & Conditions

*Applicable to all past, current, and future memberships*

- SKUs, formulas, availability, packaging, label sizes and pricing are subject to change at any time with or without prior formal notice. Our clients are responsible to check our catalogs and client dashboard for updates and announcements.
- To access the most updated pricing, click below. The prices described in our price sheet are in USD currency and apply to product only. Fulfillment fees and shipping fees are separate.

To access our most updated pricing, click [HERE](#).

- For all White Label Drop Shipping orders, or any stock or custom formula SKU shipped to you or to your customers directly, consider a \$2 fulfillment fee per item. The fulfillment fee covers the following: White Gloss BOPP paper for label / printing of label / application of label / picking of the product / packaging supplies / packaging process / labor / printing of shipping label.
- To learn about in-stock, backordered and discontinued SKUs, please refer to our Inventory Report [HERE](#).
- Products accessible through all memberships.
- Catalog Version: **14.1 – Updated: Nov 27 2025**
- Do not download this catalog, instead, always access it from your dashboard so that you may always have the most updated version available.

## Rocktomic Labs Shipping, Credit & Return Policy - Extract

*Applicable to all past, current, and future memberships*

Rocktomic Labs offers their White Label Drop Shipping (PLDS) business model to allow you to start your supplement business with no inventory purchases, and automated order fulfillment.

That said, it is key to describe exactly what our integration and PLDS fulfillment services include:

- One-time Integration for 1 online store per membership.
- Troubleshooting of your integration in case of order import errors.
- Order import from your online store in real time.
- Printing of the shipping label for every order.
- Printing of your labels on demand with our in-house printers and stock paper for every order.
- Application of your labels to your products for every order.
- Picking and packing your orders and leaving the package ready for pick up by the carrier.

There are 2 lead times to consider for every order:

a. Fulfillment and transit times

At Rocktomic Labs, the fulfillment process includes the following: importing orders from an integrated online store, packaging, and leaving a package ready for carrier pickup. Rocktomic Labs has a maximum lead time of 1-2 business days to achieve the above. This means that if an order is received by Rocktomic Labs on Monday, it will be ready for pickup by Wednesday at the latest. If an order is received by Rocktomic Labs on a Friday, it will be ready for pickup by Tuesday of the following week at the latest, and so forth. Under exceptional circumstances, such as but not limited to unexpected order fulfillment volume surge, shortage of fulfillment staff members, software or technical issues, and/or connection issues for your online store, this lead time could be extended with or without previous and formal notice.

In addition to the 1-2 business days for fulfillment, you need to consider the \*estimated transit times for the order to be delivered by the carrier to your customer. Rocktomic Labs is not a shipping carrier, and thus we rely on the carriers below for our shipping operations on behalf of your online store:

- USPS Priority Mail Domestic (US): estimated delivery 1-3 business days.
- UPS Ground Domestic (US): estimated delivery 1-5 business days.
- GlobalPost (International): estimated delivery 10-14 business days.
- UPS Worldwide (International): estimated delivery 1-3 business days.

\*This is an estimation provided by the carriers, and thus it is not a guarantee. Therefore, the transit times may be shorter or longer based on several logistical factors such as weather, work force shortage or strikes, order volume surge due to holidays, etc.

Below, you will find estimated lead times (Fulfillment + Transit) that you should have on your online store (checkout pages and shipping policy). This is to help ensure your customers know what to expect at the time of purchase:

- USPS Priority Mail Domestic (US): estimated delivery 3-5 business days.
- UPS Ground Domestic (US): estimated delivery 3-7 business days.
- GlobalPost (International): estimated delivery 12-16 business days.
- UPS Worldwide (International): estimated delivery 3-5 business days.

*\*If you have failed to disclose these lead times to your customers, you need to take immediate corrective actions on your online store to avoid unnecessary fulfillment/shipping concerns from your customers. This information also helps you understand what to expect from Rocktomic Labs. As long as your customers know what to expect, they will not reach out to you with concerns or complaints.*

Responsibility for payment of international duties & taxes: Typically, duties and taxes are determined by the type of goods that are shipped and the value of the goods. Duties and taxes are levied by Customs in the destination country. Each country has its own customs laws and the duties for different types of goods and values are set locally. Rocktomic Labs does not take responsibility for paying these fees. These are the responsibility of the receiver and/or business owner and terms and conditions thereof should be disclosed on your online store.

For every order that we fulfill for you, there are 4 charges that you need to cover:

- Wholesale cost of product(s) based on our Catalogs and your membership with Rocktomic Labs.
- Fulfillment fee: \$2.00 USD flat fee per item: *\*Fulfillment fee includes: label paper (white gloss BOPP), Printing of label, Application of label, Picking of product, Packaging supplies, Packaging labor, Printing and application of shipping label. This fulfillment fee may change at any time with or without previous formal notice.*
- Shipping cost: based on volumetrics and rates established by the carriers, not established by Rocktomic Labs.
- When we bill you for the orders that we dropship on your behalf, we apply a credit card processing fee of 3.45% + \$0.25 for Sales Receipts, **OR** an Invoice processing fee of 2.95% + \$0.25, **OR** an ACH processing fee of 1% with a max. of \$10 per Sales Receipt or Invoice.
